

Key Benefits of CRYSTALYX® Sheep & Goat Supplements

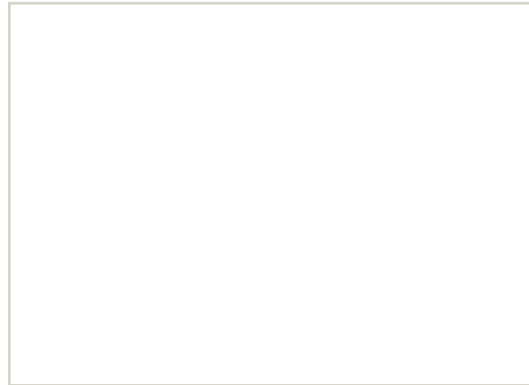

- Naturally self-limiting, cannot be bitten or chewed
- Continuously available nutrients
- Windproof and waterproof
- Improves forage utilization
- Economical cost per head, per day
- Saves time and labor
- Durable and easy to handle containers

Feeding Directions:

All CRYSTALYX® Sheep and Goat supplements provide reliable, low-labor supplementation. Sheep and goats get around-the-clock access to key nutrients helping the rumen more efficiently utilize forages. CRYSTALYX® Sheep and Goat supplements are highly palatable and will draw grazing animals under all conditions. CRYSTALYX® supplements can be placed in under-utilized areas to promote more even pasture and range utilization. CRYSTALYX® offers a variety of products in multiple container options to best suit your individual production scenarios.

Supplemental Nutrition for Sheep and Goats

Sheep-lyx™

A highly specialized protein, mineral and vitamin supplement specifically designed to meet the unique nutritional requirements of sheep.

- Highly palatable to encourage constant consumption of protein, minerals and vitamins while on pasture
- Excellent supplement to use during breeding and lambing season to supplement existing nutritional programs
- No added copper formula is safe for all breeds of sheep

• Contains Bio-Mos®, which supports gut integrity and builds defenses as well as supports nutrient transfer during lactation

- Contains BioPlex® Zinc & Manganese organic trace minerals that provide mineral nutrition in a form as close to nature as possible

CSG-20™

A multi-species product designed to provide an economical supplement option for cattle, sheep and goats receiving low quality forages.

- Scientifically balanced levels of natural protein and NPN for economical forage utilization
- No added copper

- Contains BioPlex Zinc organic trace mineral to provide mineral nutrition in a form as close to nature as possible

Goat-lyx®

CRYSTALYX® Goat-lyx® is a complete supplement containing protein, minerals and vitamins designed to meet the nutritional needs of all classes of goats. CRYSTALYX® Goat-lyx® is especially ideal for kids and lactating goats or for pet goats raised on limited acreage.

- Highly palatable supplement spoon-feeds essential nutrients to your animals 24/7
- Delivers 100% of recommended levels of minerals and vitamins, including copper and selenium

• Contains Bio-Mos® to support gut integrity and over all animal performance

- Contains BioPlex® organic trace minerals for increased bioavailability and utilization by the animals

+ No added copper

Sheep & Goat

Designed for all classes of sheep and goats, CRYSTALYX® Sheep & Goat provides protein and other key nutrients that help improve intake and forage digestion.

- Concentrated, all-natural protein that is ideal supplementation for sheep or goats on low-quality forages
- Increased levels of Vitamin E to help goats and sheep utilize dietary selenium
- No added copper

SWEET 14%

A multi-species block intended for situations where cattle, bison, horses, sheep and goats are co-mingled.

- Economical choice for producers when livestock are co-mingled
- Contains 14% all-natural plant protein.
