

# PROFORCE™ FIBER

HIGH FAT, LOW STARCH, BEET PULP BASED FEED FOR EQUINE ATHLETES AND HORSES WITH METABOLIC CONCERNS

ProForce™ Fiber is specially designed for performance horses that need optimum nutrition to help minimize the negative effects of stress from rigorous training and competition.

-  High fat formula provides the energy necessary to support equine athletes
-  Balanced energy feed formulated without corn or corn co-products
-  Provides starch and sugar for glycogen repletion
-  Guaranteed amino acid levels to support muscle recovery after competition
-  Balanced Omega 3 and 6 fatty acids help reduce the effects of inflammation

## DAILY FEEDING TABLE

Lb (kg) Feed per 100 lbs  
(kg) of Bodyweight

<b>Performance Horses</b> <i>Maintenance</i>	<b>0.25-0.50</b>
<b>Performance Horses</b> <i>Light work</i>	<b>0.50-0.75</b>

## HIGH PERFORMANCE NUTRITION. CHAMPIONSHIP-CALIBER RESULTS.

When you're in it to win it, you want every advantage possible. That's why we developed ProForce™, a premium line of horse feeds designed to give you professional-level results. Each unique formula combines world-class science, research and technology for unprecedented levels of performance while minimizing the negative effects of stress from rigorous training and competition. They also contain controlled levels of starch and sugar appropriate for different athletic and performance expectations.

Simply put, ProForce™ feeds help ensure that your horse has the optimum condition and stamina to finish on top – and stay there.

## EXCLUSIVE TECHNOLOGY

-  Ideal blend of nutrients helps to reduce the risk of metabolic concerns
-  Prebiotics and probiotics aid in nutrient digestion
-  Organic trace minerals for improved immune support
-  Guaranteed amino acid levels to support muscle development and maintenance
-  Ensures the consistency of all nutrients
